

OBN BioCluster Report 2008: *Resurgence*

An executive report detailing the impressive growth and development of the Oxfordshire Biotechnology Cluster. Since 2005, companies in the Oxfordshire BioCluster alone have completed financings worth over £400m, with the total value of M&A deals being £530m, a total of over €1bn.

OBN BioCluster Report 2008: *Resurgence*, a new report written by OBN provides an unprecedented look at all aspects of Biotechnology activities in Oxfordshire. The database collected is the most extensive database of information relating to the Oxfordshire BioCluster, utilising data collected from over 50 face-to-face interviews, telephone interviews and an electronic survey, as well as reference to multiple business intelligence sources.

Included in the report:

An overview of the key developments in Oxfordshire over the past three years, including:

- Cluster growth
- Company location trends
- Total private and public capital raised
- Significant regional financing
- Active venture capital investor list
- Measures of performance of the public listed companies
- Analysis of key therapeutic areas
- In-depth product pipeline data for the therapeutic companies
- A collective insight into companies personal views on cluster specific issues
- A recognition of the chosen showcased 'Oxfordshire Biotech All Stars'

OBN BioCluster Report 'Resurgence 2008', is a must have resource for anyone contemplating doing business in Oxfordshire. Whether your goals are partnering, investing, outsourcing or licensing, this report is imperative if you want the most current information available on the ins and outs of the county.

Copies of the executive summary will be **free of charge** and available at BioTrinity on the 15-16th April. The **Full Report** including all data tables will be available to purchase from OBN in print from summer **2008 for £79.99** – call the OBN office to pre-order your copy on +44 (0)1865 594640.

How to be associated with this report:

A4 colour advertisement - Use for promotional/factual literature

Chapter association - Logo and small paragraph by your chosen chapter

Back page - Company logo on back page and at the report launch at BioTrinity 2008

You can benefit from sponsor association with this prestigious publication for just **£2000** – call Kurt Laskow-Pooley on +44 (0)1865 594642

Table of Contents

1: Introduction

2: OBN – Catalysing the Growth and Development of the Oxford and SE BioCluster

2.1: Origins of OBN

2.2: Timeline – Key Events

2.3: Objectives

2.4: Implementation Strategy

2.5: Target Audience

2.6: Meet the Team

2.7: The Advisory Board

3: Report Rationale

3.1: Previous Findings

3.2: Definitions Used

3.3: Report Objectives

3.4: Oxford & South East Biotech Super-Cluster

3.5: About Oxfordshire

4: The Oxfordshire BioCluster

4.1: The Oxfordshire BioCluster Dynamic

4.2: Age of BioCluster

4.3: Growth & Development

4.4: Isis Innovation

5: Funding – A Changing Dynamic

5.1: Financial Overview of the BioCluster

5.2: Private Financial Analysis

5.3: Active Investor List

5.4: Public Financial Analysis

5.5: Mergers & Acquisitions

6: The Oxfordshire BioCluster All Stars

7: OBN BioCluster Map 2008

8: Company Locations

8.1: Overview

8.2: Milton Park

8.3: Oxford Science Park

8.4: Diagnox

9: Therapeutic Focus – A Closer Look

9.1: Overview of Product Development

9.2: Product Development Analysis

9.3: List of Drug Development by Therapeutic Focus Area

10: Survey Analysis

10.1: The Survey Methodology

10.2: Recruitment

10.3: Funding

10.4: Facilities & Location

11: Future Trends and Recommendations

12: Conclusion

Table of Tables

Table 1: Overview of the BioCluster Sector Focus

Number of companies in each sector focus

Table 2: Age Profile of the BioCluster

Age of companies by incorporation date

Table 3: Breakdown of Growth

Number of new companies to Oxfordshire split by recently incorporated and established moving to Oxfordshire

Table 4: Sector Focus Breakdown of Growth

By sector and total growth (Q1 2005 – Q1 2008)

Table 5: Isis Innovation Spin-Outs
